

# CATONS

PLUMBING & DRAINS  
HEATING & COOLING

## Plumbing & Draining Heating & Cooling

Catons offers our customers a variety of Preventative Maintenance Agreements designed to maintain warranties, prolong equipment life, reduce future repair costs and maintain the optimum efficiency of your equipment.

All Catons  
peace of mind  
maintenance  
plans include:

*Priority service over  
non-policyholders*

*Technician services available  
365 days a year*

24 Hours a Day - 365 Days a Year  
Over 50 In Service Vehicles

### Professional Plumbing Services

#### Sewer & Drain Cleaning

We specialize in cleaning pipes clogged by roots, grease and other debris. Our methods include cabling or water jet blasting.

#### Camera Inspections

Using the latest technology, our state of the art video inspection service helps pinpoint the exact cause and location of the pipe problems.

#### Excavation & Repair Services

We service, repair and replace water main and sewer lines.

#### Jet cleaning

Using high-powered water jets, we clear and clean commercial pipes. Routine jet cleaning can save you money by preventing costly property damage.

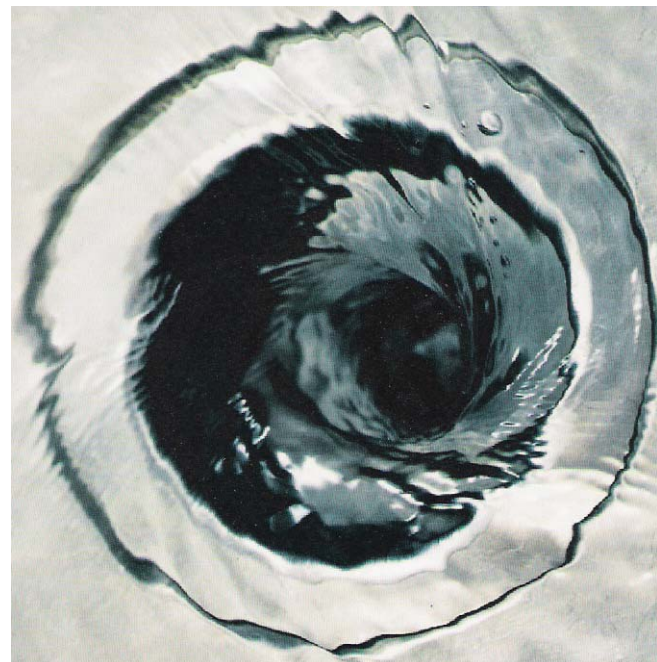

#### Back Flow Prevention

Installation, repair, testing & certification.

#### Complete Plumbing Services

Trust Catons to service all your plumbing needs: leaks, re-piping, gas piping, fixture installation, sinks, pumps, tubs, showers, water heaters, humidifiers, disposals, etc.

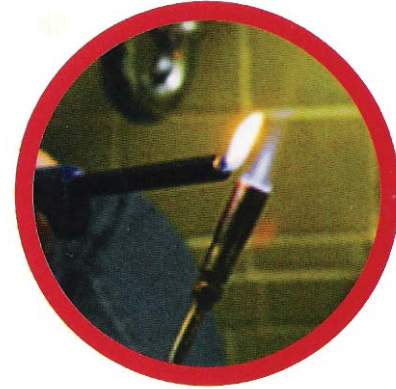

#### Grease Trap Cleaning & Maintenance

## Comprehensive HVAC Services

### Installation, Replacement & Service

Boilers (Hot Water & Steam)  
Gas, Oil & Electric Furnaces  
Heat Pumps  
Air Conditioning, Air Handlers & Coils  
Ductless Systems  
Humidifiers & Air Cleaners  
Package & Rooftop Systems

### Preventative Maintenance Agreements

Prevent loss of efficiency on your equipment and save money over time with regularly scheduled cleanings.

### Duct Cleaning (Metal Duct Only)

Patented HEPA-AIRE cleaning technology removes various dusts and allergens that can plague your work environment.

### Leak Detection

By utilizing nitrogen or dye, we can locate leaks in your lines that may cause costly refrigerant loss.

### Duct Fabrication & Design

### Condensate Line Cleaning

### Carbon Monoxide Testing
